## REPORT OF DIRECTOR AND SCHOOL IMPROVEMENT COUNCIL

Heyward Career and Technology's motto is: "Heyward—Where Your Future Begins!" Students from seven high schools in Richland County School District One as well as Richland One Middle College have the opportunity to jumpstart their careers in career and technical programs, a school-based enterprise, and a graduation acceleration program. (1) We provide courses in Architecture and Construction; Arts, AV Technology, and Communications; Health Science; Hospitality and Tourism; Human Services; Information Technology; Manufacturing; Marketing, Sales and Service; and Transportation, Distribution and Logistics. (2) Richland One Works (ROW), our school-based enterprise, offers work-based experiences and provides transition services for students throughout the district. (3) The Richland One Excel Academy provides an online environment that allows students to accrue or recover academic credits that lead to on-time graduation.

State and/or national certifications are available in CISCO Networking/Computer Repair, Health Science, Automotive Technology, Barbering, Cosmetology, Culinary Arts, Nail Technology, Pharmacology, Construction, and Welding. Four of our courses are offered for honors credit: CISCO Networking, Computer Repair, Health Science and Sports Medicine. Our newest program is Diesel Technology which is one of only four national high school partnerships with NaviStar—the largest manufacturer of diesel engines in the world.

For the past several years, we received AYP (Adequate Yearly Progress) as well as the Palmetto Gold/Silver Award. Four staff members hold Ph.D. degrees, and three teachers are nationally board certified.

During the year, we emphasized the integration of literacy and numeracy. We also focused on project-based learning, parental involvement, and service learning.

Our student organizations were very successful. We had state winners in DECA, FCCLA, HOSA and SkillsUSA. Approximately 25 students were eligible to compete at the national level.

In 2012-2013, we had our first awards banquet where we recognized two "Students of the Year" from career and technical programs and "Outstanding Students" from ROW and EXCEL.

As we prepare for 2013-14, we will focus on continuous school improvement that provides opportunities for all students to be prepared for a successful future.
